Re: Long Term Disability Support Group

Motto: Helping Each Other

There is a group of teachers from Calgary Separate and Calgary Public who are on Long Term Disability or Extended Disability and they meet on a monthly basis. The group was first formed by teachers from Calgary Public, and they extended a invitation to teachers in Calgary Separate. Both Locals support this group because it allows teachers with common concerns and experiences to meet on a regular basis.

The groups' functions include the following:

- Provide a forum for speakers from CBE, ATA and ASEBP
- Provide an opportunity for questions and discussions on matters of individual concerns
- Lend moral support
- Advocate on your behalf when feasible
- Provide current and updated information as it becomes available
- Provide a checklist for your guidance and use
- Provide several opportunities for socializing i.e. lunches, dinners, etc
- In addition, a member of our Local ATA office will be in attendance

Location:

Montgomery School
